3D Honed

Grazie a un innovativo sistema digitale di ultima generazione, le linee produttive di Ascot raggiungono nuovi livelli di realismo. Questa tecnologia avanzata permette di creare effetti materici tridimensionali perfettamente sincronizzati con decorazioni ad alta definizione. Il processo si conclude con una lavorazione della superficie che combina rettifica e lappatura, ottenendo la finitura 3D Honed caratterizzata da un'elevata satinatura. L'unione tra tridimensionalità ed effetto satinato-matte dona alle superfici una morbidezza setosa, raffinata e dall'aspetto naturale.

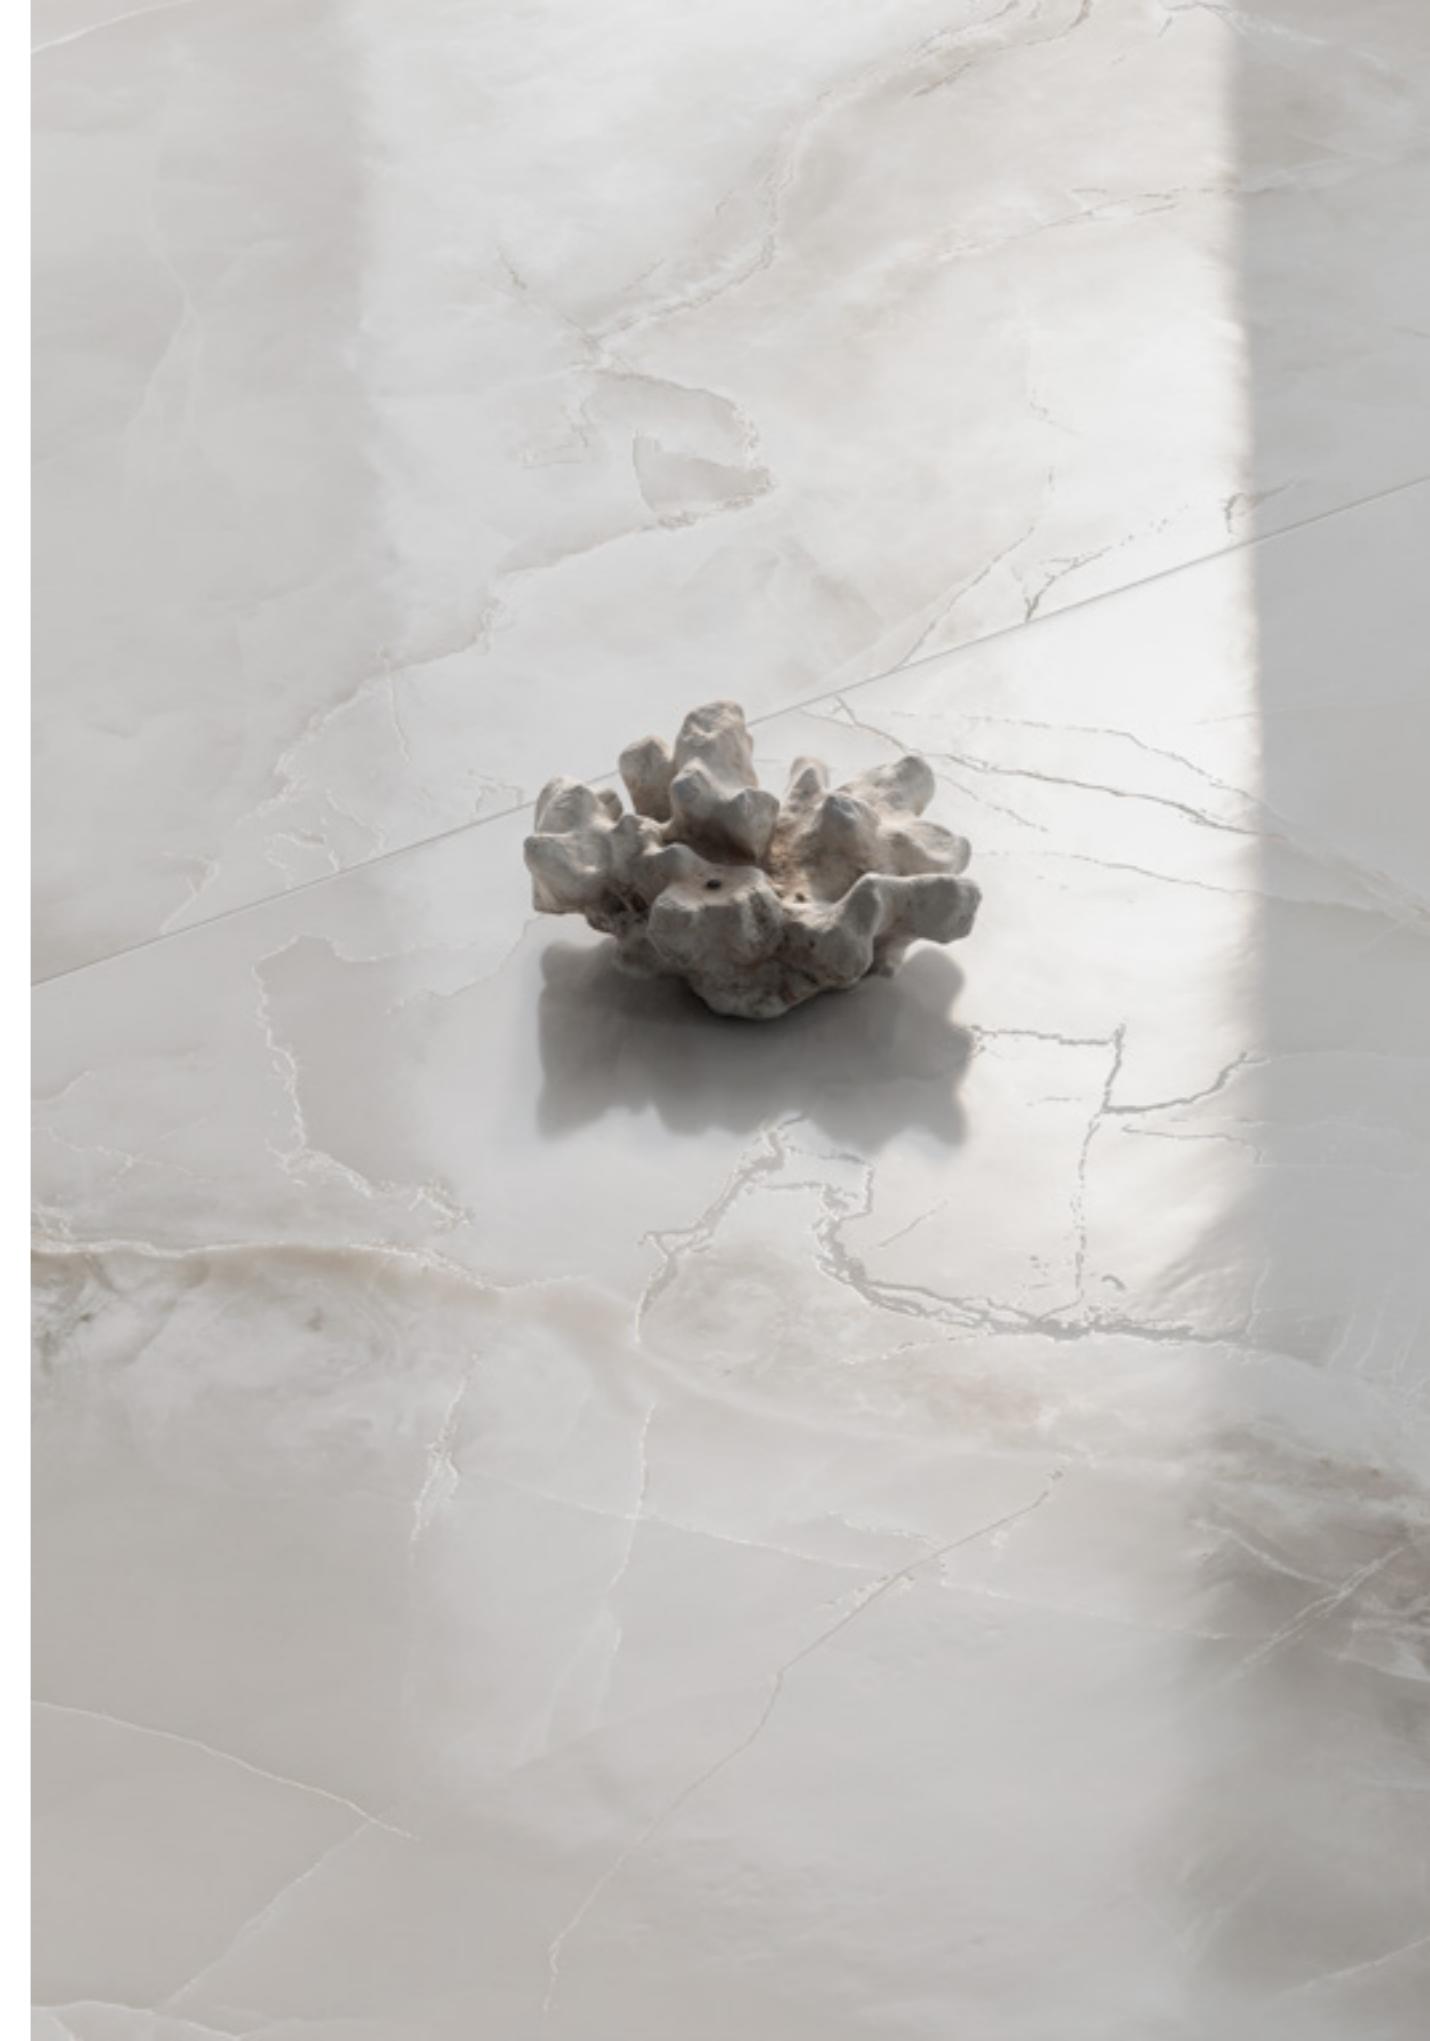

Thanks to an innovative state-of-the-art digital system, Ascot's production lines reach new levels of realism. This advanced technology enables the creation of three-dimensional material effects perfectly synchronized with high-definition decorations. The process is completed with a surface treatment that combines grinding and honing, resulting in the 3D Honed finish characterized by a high satin sheen. The combination of three-dimensionality and a satin-matte effect gives the surfaces a silky, refined softness with a natural appearance.

FR Équipées d'un extraordinaire système numérique de dernière génération, les lignes de production d'Ascot atteignent de nouveaux sommets de réalisme. Cette technologie avancée permet de créer des effets de matières tridimensionnels, parfaitement synchronisés avec des décorations en haute définition. Le processus se termine par un façonnage de surface qui associe rectification et rodage, donnant naissance à la finition 3D Honed, caractérisée par un satinage élevé. La combinaison de la tridimensionalité et de l'effet satiné-mat confère aux surfaces une douceur soyeuse, raffinée et d'apparence naturelle.

DE Dank eines innovativen digitalen Systems der neuesten Generation sind die Produktionsanlagen von Ascot in der Lage, die Realität noch getreuer nachzuahmen. Mit dieser fortgeschrittenen Technologie lassen sich dreidimensionale Materialoptiken erstellen, die auf hochauflösende Dekorationen perfekt abgestimmt werden. Abschließend erfolgt eine Bearbeitung der Oberfläche mit Rektifizierung und Läppen, um das fein satinierte Finish 3D Honed zu erhalten. Die Kombination zwischen Dreidimensionalität und satiniert-matter Optik verleiht den Oberflächen eine seidige, raffinierte und natürlich wirkende Geschmeidigkeit.

ES Gracias a un innovador sistema digital de última generación, las líneas de producción de Ascot alcanzan nuevos niveles de realismo. Esta tecnología avanzada permite crear efectos matéricos tridimensionales perfectamente sincronizados con decoraciones de alta definición. El proceso se concluye con un mecanizado de la superficie que combina la rectificación y el pulido para obtener el acabado 3D Honed, caracterizado por su alto nivel de satinado. La unión entre la tridimensionalidad y el efecto satinado-mate dona a las superficies una suavidad sedosa, refinada y de aspecto natural.

RU Благодаря инновационной цифровой системе последнего поколения производственные системы Ascot выходят на новые уровни реалистичности. Эта передовая технология позволяет создавать объемные фактурные эффекты, которые безупречно сочетаются с декорами высокого разрешения. Процесс завершается обработкой поверхности, предусматривающей шлифовку и полировку, позволяющей получать отделку 3D Honed с выраженной шелковистостью. Сочетание объемности и матово-сатинированного эффекта наделяет поверхности изысканной шелковистой матовостью с естественным видом.

Quattro pietre tagliate al contro o al verso generano una palette di otto onici proposta in gres porcellanato su una gamma di formati e mosaici versatili, abbinabili anche al formato lastra 120x280 cm nelle colorazioni Cross. Le superfici sono impreziosite da una finitura pregiata – 3D Honed – per conferire alla materia dettagli minuziosi alla vista e al tatto.

Four stones cut along or across the grain generate a colour assortment of eight onyxes in porcelain stoneware in a versatile range of sizes and mosaics – also for combination with the 120x280 cm slab in the Cross shades. The surfaces' exquisite 3D Honed finish adorns the material with tiny visual and tactile details.

VENUS AZUL VEINED 3D HONED / 60x120 24"x48"
DEEP WOOD IROKO / 20x120 8"x48"

FR Quatre pierres taillées en veine ou en contre passe créent une palette de huit onyx proposée en grès cérame dans un éventail de formats et de mosaïques polyvalents, qui peuvent aussi être associés aux dalles en 120x280 cm dans les teintes Cross. La finition haut de gamme 3D Honed qui agrémenté les surfaces confère à la matière de minutieux détails visuels et tactiles.

DE Vier quer und parallel zur Aderrichtung geschnittene Steine bilden eine Palette von acht Onyxoptiken. Das Feinsteinzeug mit seinen vielseitigen Formaten und Mosaiken ist auch mit dem Plattenformat 120x280 cm in den Farbstellungen Cross kombinierbar. Die Oberflächen kommen in dem wertigen Finish 3D Honed daher, das die Materialoptik und -taktilität durch feinste Details bereichert.

ES Cuatro piedras cortadas tanto en sentido transversal como horizontal generan una paleta de ocho ónices propuesta en gres porcelánico en una gama de formatos y mosaicos versátiles, que también se pueden combinar con el formato de placa de 120 x 280 cm en los colores Cross. Las superficies se ven embellecidas con un acabado preciado, 3D Honed, para darle a la materia detallados sutiles a la vista y al tacto.

RU Четыре камня с поперечным или продольным распилом позволяют получить палитру из восьми сортов керамогранитного оникса в ассортименте практических форматов и видов мозаики, которые могут также сочетаться с форматом плиты 120x280 см в цветах Cross. Ценность поверхностей также подчеркивается изысканной отделкой 3D Honed, которая наделяет материал мельчайшими визуальными и осензательными деталями.

Le ampie venature si muovono all'interno di formati multipli per consentire composizioni originali tra fondi colore e mosaici decorativi. Pavimenti e rivestimenti risplendono di una traslucidità tipica della materia d'ispirazione che si estende a volumi architettonici, lavabi e isole cucina, per una progettazione di interior completa e coordinata.

The wide veining flows across multiple formats, allowing for original compositions between solid-colored bases and decorative mosaics. Floors and wall coverings shine with a translucency typical of the inspired material, extending to architectural volumes, sinks, and kitchen islands, enabling a fully coordinated and comprehensive interior design.

FR Les larges veines se déploient dans des formats multiples, afin de donner corps à des compositions originales entre fonds colorés et mosaïques décoratives. Les revêtements de sol et mur brillent d'une translucidité typique de la matière d'inspiration, qui s'étend aux volumes architecturaux, aux lavabos et aux îlots de cuisine, pour une conception intérieure complète et harmonisée.

DE Breit angelegte Äderungen bewegen sich innerhalb multipler Formate, sodass originelle Kompositionen zwischen farbigen Untergründen und dekorativen Mosaiken entstehen. Die Bodenbeläge und Wandverkleidungen bestechen mit einer Durchsichtigkeit, die für das Inspirationsmaterial typisch ist und sich in architektonischen Räumen, Waschtischen und Kücheninseln manifestiert. Planung und Koordinierung des Innendesigns können dadurch sinnvoll ergänzt werden.

ES Las amplias vetas se difunden en el ámbito de múltiples formatos para poder realizar composiciones originales entre fondos de color y mosaicos decorativos. Los pavimentos y revestimientos resplandecen con un efecto traslúcido típico de la materia en la que se inspiran, que se extiende a volúmenes arquitectónicos, lavabos e islas de cocina para crear un diseño de interiores completo y coordinado.

RU Большие прожилки разбегаются по различным форматам, позволяя создавать оригинальные композиции цветных фоновых плит и декоративной мозаики. Поля и облицовка сияют полупрозрачностью, характерной для материала, ставшего источником вдохновения, которая распространяется также на архитектурные объемы, умывальники и кухонные островки и обеспечивает полный и согласованный дизайн интерьеров.
